AMENDMENTS TO THE SPECIFICATION

Please replace the present title with the following amended title:

A METHOD, APPARATUS AND RECORDING MEDIUM FOR SELECTING

IMAGES AND MODIFYING IMAGES FOR PRINT ORDER STATUS VIA AN

INFORMATION HANDLING SYSTEM

Please replace the last paragraph on page 4 (continuing on page 5) with the

following amended paragraph:

"Simple output" refers to outputting the data to the display means in a state where how

the registered data that are output can be recognized. More specifically, in the case where the

registered data are image data, simple output refers to displaying a thumbnail image thereof. In

the case where the registered data are moving-image data, simple output refers to displaying a

still image representing a scene in the moving-image data. In the case of text-file data, a print

preview may be displayed as the simple output of the data. In the case of audio data, simple

output refers to displaying a file name thereof on the display means so that a portion of the audio

data (such as an introduction) can be reproduced by clicking on the file name, for example.
